**BRIEF PROGRAM DESCRIPTION**

The Strengthening Families Program for Parents and Youth 10–14 (SFP 10–14) is a video-based intervention designed to reduce adolescent substance use and other problematic behaviors in youth 10 to 14 years of age. The program is delivered within parent, youth, and family sessions using narrated videos that portray typical youth and parent situations. In the first hour, parents learn ways to build parenting skills while the youth learn appropriate life skills. In the second hour, parents and children come together for family activities. Sessions are highly interactive and include roleplaying, discussions, learning games, and family projects.

**SPECIFIC OUTCOMES**

Among youth:
- 26% to 56% relative reduction in “ever use” of substances at 4-year follow-up, depending on the substance.
- 32% to 77% relative reduction in conduct problems at 4-year follow-up, depending on the behavior.
- Delayed onset of other problematic behaviors
- Increased resistance to peer pressure.
- Among parents:
  - Increased ability to set appropriate limits and show affection to and support for their children.

**AUDIENCE CHARACTERISTICS**

Age Range: Families with children between the ages of 10 – 14
Grade: Grades 5 – 9
Gender: Both Male and Female

**PROGRAM DETAILS**

Type of Program: Prevention
Audience Size: Minimum of 7 Families / Maximum of 10 Families
# of Lessons: 7 (one per week)
Length of Sessions: 2 hours
Startup Time: Recruitment should begin two months before implementation begins
Duration of Implementation: Seven weeks
Training: Required

**HOW IT WORKS**

Seven two-hour sessions are held in the evenings. During the first hour, parents and youth meet in separate groups to build skills and practice new behaviors. During the second hour, parents and youth meet together as families, practicing family communication and problem solving, playing learning games, and doing projects designed to strengthen family bonding and positive values.

Methods: Videotapes are used in all parent sessions and several youth and family sessions. The curriculum is highly interactive with group discussions, role plays, projects, and learning games.

Content: Parent topics center around preventing antisocial behavior in youth by teaching parents to use appropriate limit-setting and child management, while also providing nurturing support.

Youth topics include having goals and dreams for the future, appreciating parents, delaying with stress, following rules, and handling peer pressure. Four two-hour booster sessions are designed to reinforce skills learned in the first seven sessions.

**IMPLEMENTATION ESSENTIALS**

To replicate with fidelity:
- At least two rooms are required for each session (one for youth and one for parents), with family sessions taking place in the larger of the two rooms. An additional room may be needed for childcare for younger children.
- Program planning and family recruitment should begin at least 2 months prior to the 7-week program. Some communities have found it helpful to hire a community member who knows the families to help in one-on-one outreach.
- Three group leaders are needed: one for the parent sessions and two for the youth sessions. Group leaders teach from materials provided during youth, parent, and
family sessions. During family sessions, group leaders engage in less teaching as their role changes to facilitator and coach. Each group leader is responsible for three or four families and works with the same families each week.

- Group leaders for SFP 10-14 should have strong presentation and facilitation skills and experience working with parents or youth. They must attend a 3-day training that includes participating in all activities of the program.
- Typically, group leaders require 1 to 2 hours of additional preparation for each weekly session; they teach youth or parent sessions and facilitate the family sessions during weeks 1 through 7.
- For most sessions, one TV/VCR is required; for two sessions, two sets are needed. A flip chart with markers is used in both the parent and youth sessions. Miscellaneous materials are needed that may be borrowed or donated, including a camera, blindfolds, string, kitchen timer, dice, fabric strips, pencils, clothespins.

**MATERIALS AND TRAINING**

*Required Materials*
- Teacher’s manual - $175 plus shipping
- Nine videos - $298 plus shipping
- Session Posters - $50
- Love & Limit Magnets - $2 (1 per family)

*Optional Materials*
- Promotional Brochure- $20 per package
- Promotional Video - $15
- Supplemental Spanish manual for use without videos for parent sessions to use with Hispanic groups - $75 plus shipping
- Booster sessions manual - $50 plus shipping
- DVDs for booster sessions - $60 plus shipping

*Training (Required)*
- Implementation training is offered free of charge to VFHY grantees by VFHY staff.
